

Possible Child Dismissal Research

Kiddie Prep School Discipline Strategy

Child training and discipline is handled with kindness and understanding. We provide an atmosphere of acceptance and treat each child with dignity. Established boundaries and limits are set and enforced firmly and consistently. We accentuate the positive and make a plan of action for rewarding the positive as well as stifling negative behavior. Our goal is for each teacher to know each child in their class so they can meet the needs individually and help them turn their day around. Staff shall not physically restrain children except when it is necessary to ensure their own safety or that of others and only for as long as is necessary to gain control of the situation. Sarcasm is prohibited. The children do not understand it and nothing is accomplished by using it.

STEP #1 Research Log (Completed by teachers)

STEP #2

The teachers of the _____ Room have evaluated the behavior of the following child and logged his/her behavior for one week (or more). They agree this child is ready to be evaluated for possible dismissal.

Child's Name: _____ **Date:** _____ / _____ / _____

Teacher's Name: _____ Signature: _____

Teacher's Name: _____ Signature: _____

STEP #3 (Completed by the director)

The director will further the evaluation with the teachers' notes and additional research. At the time of the director's completion, a meeting will be scheduled for the classroom teachers and the director. They will all discuss the options found for this child and his/her future with Kiddie Prep School.

Meeting Decision(s):

_____ Because of key information discovered, the teachers may profit from additional training in redirection to assist the child in focusing his/her energetic behavior elsewhere.

_____ Child should be removed from the classroom at this time and placed in a different classroom.

_____ Child should be re-evaluated in _____ week(s).

_____ Child's parent/guardian will be given a 1 week notice to find other daycare/schooling.
