Picnics	4	5		5	3	5		4	3	5		4

1. What were some of the things you liked best about the 2006 program?

It was neat getting to know the kids, the program was fast-paced, most of the field trips were interesting.

The best thing I liked was Devotions and PuttPutt games.

Movies - Depends on movie. Devotions - Especially the songs.

I liked all the different activities for the kids to do. I liked the outdoor activities, games, parks, pools, kickball, etc

2. What were some of the things you disliked most about the program?

Communication, I didn't feel comfortable with all of my coworkers, discipline was inconsistent.

Lack of communication between staff members.

Sometimes communication was difficult with so many different teachers all spread out. Game boys!

3. What were the top 3 field trips and the top 3 activities you liked the most? Why?

Markle Lake-Lots of space, it never gets old. Bowling-We never went too often, it appealed to all ages.

PuttPutt-It keeps their attention. Gym-It has the most universal appeal. Lego's-The kids really got into them.

Bell Skating, Naked Clay Café, Ultra Zone, Royal Feast, Movies, Devotions.

I enjoyed having to go out different places everyday. It is less stressful.

Pools always seemed to work well, skating and ultrazone

4. Do you have any ideas/suggestions of field trips *and* activities we can incorporate into our program?

Pine Lake, PuttPutt Gold, More "older" field trips

On raining days, use Spiece or YMCA

Not at this time, sorry!

5. Do you have any ideas/suggestions of staffing techniques and scheduling that would enhance the program?

Possibly split into older and younger groups for the whole program.

We need 6 teachers; 3 early and 3 late.

Mall&Pretzels should be for older kids 10 and older. Scavenger Hunt should be for older kids 10 and older.

There seemed to be a rough phase returning from the field trips, snack and into gym time.

The people off at 3:30 were almost never able to leave on time, and often the next person(3:45-4) had to stay late as well. I think an afternoon staff person would be helpful with ratios and with getting snack ready so the other teachers can leave at their scheduled times. (Especially difficult on pool days.)

6. Would you enjoy participating in another School Age Summer Day Camp program again?

Yes!

I would love to do it again.

Definitely
